# ScanMaker i4800

## 6 smart-touch function buttons

Scans the image and directly links to your assigned photo-sharing website.

Scans the image and saves it in the Adobe Acrobat PDF format.

From paper to digital in one easy step.

Stay in touch! Email photos to family and friends.

Make color copies of your favorite photos or prints.

Instantly scans to file or an application.

## USB interface powers up your movability

The ScanMaker i4800 can be simply powered by USB cable, without external powersupply needed. As being one member of green product family, ScanMaker i4800 not only consumes less energy, but also makes your memories fresh as ever! Just connect it via USB port of your PC or laptop, and you can carry and use it almost anywhere, anytime!

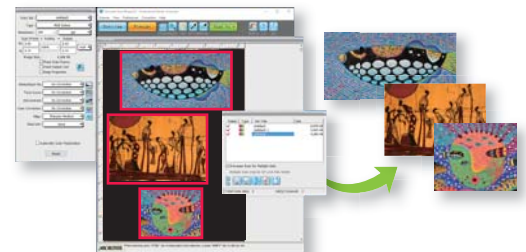

## Scans A4 size color document at 300 dpi in 8 seconds

ScanMaker i4800 maximizes the productivity by its fast scanning speed, which is less than 8 seconds for color scans at 300 dpi.

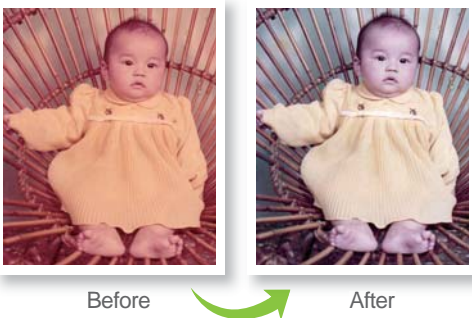

## One-pass scan for multiple jobs

The scanner is able to process all selected scan areas by one scan and automatically save the results in different names.

## Microtek's exclusive systems supported ColoRescue™ restores faded color

The ScanMaker i4800 is equipped with Microtek's exclusive ColoRescue technology, which can bring faded colors back to life for more vibrant images. With just a single click, you can recover old and dim photos back to their original brilliance.

## Microtek's exclusive software

No matter you are a Windows advocate or a Mac addict, you can use ScanMaker i4800 in either of two OS systems as your preference. With brand new developed ScanWizard EZ (PC) and ScanPotter (Mac) software programs, you can find variety scanning solutions for your scans. Both novices and experienced users can find them productive and easy to use.
